## MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Slaughter steers and heifers were moderately active at most midwest terminals with prices generally steady to 25¢ higher, instances 50¢ up, except at Chicago where steers closed unevenly 25¢-\$1.00 lower. Slaughter cows sold steady to 50¢ lower with sales at Chicago and Omaha 50¢-\$1.00 off. Stockers and feeders were active and steady to 50¢ higher. Barrows and gilts closed 25¢-75¢ higher despite increased supplies. Slaughter lambs sold unevenly weak to \$1.00 lower as lower dressed prices offset any effect that reduced numbers may have had.

**SLAUGHTER CATTLE AND CALVES** - Prices on slaughter steers and heifers showed a moderate advance for the second week at most midwest terminals. Slaughter steers and heifers were generally steady to 25¢ higher, instances 50¢ up. The major exception was Chicago where prices on steers turned sharply lower Wednesday of the week under review and closed 25¢-\$1.00 lower with the greatest decline on 1300-1600#. An over-abundance of Choice and Prime steers 1300-1600# together with very liberal Wednesday receipts prompted the decline at Chicago. Price advances at other terminals were influenced by a steady to \$1.00 higher trend on carcass beef. Cows sold steady to 50¢ lower with sales at Chicago and Omaha 50¢-\$1.00 off, reflecting declines in the carcass trade. Bulls were steady to 50¢ higher. Vealers were steady to \$2.00 lower at St. Paul and steady to \$1.00 higher at St. Louis National Stockyards. Receipts at the 12 markets were little changed from the previous week or the corresponding week last year. Slaughter steers continued to predominate in the supplies at most points with the bulk Good and Choice. However, several major terminals received a larger number of mixed Choice and Prime loads and in Chicago the percentage Prime in the steer supply advanced from 17 to 20 percent.

Load Prime 1240# slaughter steers brought \$27.25 in Chicago with bulk of the Choice and Prime steers 1000-1300# \$23.75-27.00, largely \$23.75-26.50 late in the week. At other points, loadlots mixed Choice and Prime steers brought \$25.00-26.00 with the bulk of the high-Good and Choice 900-1300# from \$23.25-25.50. At several terminals average to high-Choice 1300-1675# steers sold from \$23.00-24.50. Bulk Good steers sold at \$21.50-23.75; Standard and low-Good \$18.00-21.50. Loadlots of high-Choice and mixed Choice and Prime slaughter heifers brought \$23.75-24.75 with a few \$25.00 in Chicago. Bulk of the Choice heifers sold at \$22.50-24.00 with Good from \$20.25-22.75. Utility and Commercial cows bulked at \$12.75-15.50 with Cannery and Cutters from \$10.50-13.50.

**STOCKER AND FEEDER CATTLE AND CALVES** - Price trends were higher on stocker and feeder cattle and calves for the fifth consecutive week.

Marketings of stocker and feeder cattle were a little below the liberal numbers of recent past weeks. However, the volume of stock calves was the largest so far this fall. Good to high-Choice offerings continued to make up a large percentage of supplies. A good demand existed for most classes and grades and in brisk trading prices ruled steady to 50¢ higher at midwest terminals. Good wheat pasture conditions in some areas of the west and southwest have tended to increase competition for stock cattle under 650# and in the midwest demand was noticeably expanded for 700-800# steers to clean up stalk fields. At the same time abundant supplies of grain feeds have prompted increased interest in 800-1000# cattle. However, many feeder buyers apparently are still reluctant to take on steers over 1000# unless at prices materially below those paid for lighter-weights of the same grade. This due at least in part to the continued price discrimination against slaughter steers 1300# and heavier.

Bulk Good and Choice 550-750# yearling steers sold from \$22.50-26.00 and at Omaha 2 loads Choice 593 and 766# brought \$26.50-27.00. Medium and low-Good stock steers ranged from \$18.00-22.50. Good and Choice 800-1050# feeder steers sold chiefly from \$21.00-24.25, few loads Choice and Fancy 800-900# \$24.50-25.25, one load 827# \$25.75. Good and Choice yearling heifers brought \$21.00-23.25. A few loads Choice and Fancy steer calves brought \$31.00-32.25; bulk Good and Choice steer calves \$24.00-30.50. Good and Choice heifer calves bulked at \$21.00-27.00, several loads Choice and Fancy \$27.50-30.00.

**HOGS - Terminal Markets** - Hog receipts at the 12 markets were 11 percent larger than the previous week, but fell 24 percent short of the corresponding week a year ago. Generally mixed U. S. No. 1-3, 180-250# barrows and gilts made up the bulk of the offerings, however, a sizeable percentage of the volume at western Corn Belt centers weighed 220-240#. Sows made up 7-12 percent at the various points. Despite an increase in receipts demand was dependable most of the week. Higher prices on pork loins were a factor prompting the upturn in live prices. Order buyers at some points were not as aggressive as in recent weeks, but broad packer demand generally was the rule. Although some consignments were sorted for weight and grade, most barrows and gilts were offered and sold in mixed lots. Price spreads on barrows and gilts were quite narrow with the bulk selling within a 25-50¢ range. Barrows and gilts closed largely 25-50¢ higher with sales 50-75¢ higher at Chicago and 75¢ up at St. Paul. Sows closed steady to 75¢ higher, except 25¢ lower at St. Louis.

U. S. No. 1 and 1-2, and at some points uniform in weight U. S. 1-3, 190-240# barrows and gilts bulked late at \$17.35-18.00, shipment U. S. 1, 217# at Indianapolis reaching \$18.25.

Mixed U. S. 1-3 and 2-3 190-260# closed at \$17.00-17.50, with same grades 180-250# at Indianapolis \$17.50-17.85. U. S. 1-3, 270-600# sows sold at \$13.00-16.50, largely \$13.50-16.00.

Feeder pigs closed strong to 50¢ higher at St. Paul and fully steady at Sioux City. Good and Choice 130-160# at St. Paul brought \$16.00-16.50, comparable grades and weights at Sioux City \$15.50-16.25, few Choice \$16.50.

HOGS - Interior Iowa-Southern Minnesota Area - Fairly liberal receipts on Monday and late in the week pushed the week's supply to around 11 percent larger than the previous week, but receipts were still fully 6 percent less than the corresponding week last year. Prices fluctuated considerably as early declines of about 50¢ were more than recovered by Thursday, but Friday's losses left little strength for the week. Closing sales were steady to 10¢ higher on 180-220# butchers with heavier weights strong to 25¢ higher. Sows comprised 8 percent of receipts and sold 10-25¢ higher. Mixed U. S. No. 1-3 200-240# barrows and gilts closed the week at \$16.00-16.75 with limited volume No. 1 and 2 lots \$16.50-17.15. No. 1-3 270-400# sows sold at \$14.10-16.00; 400-550# \$12.60-14.75.

SHEEP AND LAMBS - Receipts of sheep and lambs at the 12 markets were 25 percent less than the previous week and 13 percent under the comparable period last year. Despite the sharp reduction in marketings at terminals, slaughter lamb prices worked lower with price downturns on dressed lamb a principal factor affecting the live trade. Slaughter lambs, predominately woolled, comprised bulk of the receipts. Slaughter lambs were weak to \$1.00 lower with sales at Kansas City \$1.50 off. Slaughter ewes were steady to 50¢ higher. Feeder lambs were uneven, largely steady to 50¢ higher with the full upturn at Denver, however, feeders were 50¢ lower at Sioux Falls and St. Joseph.

On late rounds, Choice and Prime 85-110# woolled slaughter lambs, some to 117#, sold from \$16.50-18.00, up to \$18.50 in Denver. Good and Choice brought \$15.00-17.50 largely \$15.50-16.50, Utility and Good \$12.00-15.50. Choice and Prime 95-112# shorn slaughter lambs, most with No. 1 pelts, \$16.25-17.50 late in the week with Good and Choice \$15.00-16.50 and sparingly to \$17.00. Cull to Choice slaughter ewes moved at \$2.50-5.25.

Good and Choice 61-82# western feeder lambs brought \$15.00-16.50; Choice 60-78# \$16.50-17.25; Good and Choice native feeders \$14.00-16.00; Medium and Good \$12.00-15.50. On a per-head basis Good and Choice yearling breeding ewes \$13.00-16.00; solid mouth breeders \$6.00-12.00; short term \$5.50-7.00.

Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area were 7 percent less than a week earlier, but 26 percent more than the same period last year. Slaughter lambs were 50¢ lower, instances \$1.00 off; slaughter ewes steady. On Friday, Choice with some Prime

80-105# woolled and shorn slaughter lambs, most shorn lambs with No. 1 pelts, sold from \$16.00-16.75 delivered to packing plants with a large share at \$16.50. Few Choice and Prime brought \$17.00-17.50 in a couple of sections. Choice and Prime 105-115# slaughter lambs along with Good and Choice 80-110# offerings sold from \$15.00-16.50; Utility and Good \$12.00-14.50. Cull to Choice slaughter ewes, most with fall shorn to full woolled pelts, \$2.00-4.00.

## WHOLESALE MEAT TRADE REVIEWS

### LESS THAN CARLOT MEAT TRADE REVIEWS

**EASTERN SEABOARD** - Trading on the close at most Eastern Seaboard markets was dull, however, clearance was generally complete, except for small carryover of beef hindquarters at most points and a small volume of veal, calf and lamb was unsold at New York. Demand for pork was fairly good throughout the week. Supplies of all fresh meats were near normal.

Steer beef closed steady to \$1.00 higher, except Philadelphia, weak to \$1.00 lower; cow beef mostly steady to weak, with Philadelphia \$1.00-2.00 off; veal was very uneven, strong to \$3.00 higher at Philadelphia, steady to \$1.00 higher at Washington. However, prices were steady to weak at Baltimore and both veal and calf sold weak to \$1.00 lower at New York. Lamb sold steady to \$1.00 lower, instances \$2.00 off. Pork loins were steady to mostly \$1.00 higher, instances \$2.00 up at Philadelphia. Other pork cuts mostly steady, except \$1.00 off at Philadelphia. Demand was fair for kosher steer beef and small lots of Choice and Prime veal, however, Standard and Good veal along with calf and lamb met poor demand. Prices for kosher steer forequarters were mainly steady to 50¢ lower; lamb foresaddles \$1.00-2.00 lower. Choice and Prime veal and calf foresaddles closed steady to \$1.00 higher, Standard and Good steady.

**CHICAGO** - All classes of fresh meat were in normal volume. Most beef graded high-Good and Choice. Outlet was broad for chucks and moderate for carcass beef, rounds, ribs and loins. Most beef cuts closed steady with early upturns on chucks erased late. A fairly large percentage of the loins were absorbed in the form of fabricated cuts. Trading on veal was rather slow. Trading for lamb was fairly active. Lamb legs, stews and shoulders found good outlet, while demand was rather poor for center cuts, particularly ribs. Trading was generally slow on fresh pork, but loins were fairly active at the close.

Steer and heifer beef closed steady to 50¢ higher; veal unchanged; lamb steady to 50¢ lower; pork loins steady to 50¢ lower; Boston butts \$1.00-1.50 lower; spareribs steady.

**PACIFIC COAST** - Supplies of steer and cow beef were liberal and more than adequate for the prevailing demand. The moderate volume of calf was about in balance with the outlet. Lamb supplies were normal and rather burdensome for a limited demand. Trading on smoked and fresh pork was slow and some loins were carried over.

Steer and heifer beef sold steady in California and weak to \$1.00 lower in the Pacific northwest; cow beef steady; calf and veal uneven,

steady to \$2.00 lower in California but strong to \$1.00 higher in the northwest; lamb unchanged; pork loins weak to \$2.00 lower; other fresh pork cuts steady to \$1.00 higher; smoked pork steady to \$1.00 higher.

# BOSTON WOOL MARKET REVIEW

Trading for greasy domestic worsted wools in the Boston market was slow as most interests were attending sealed bid sales in the western States. Prices were steady to strong. Trading was fairly active for woolen wools and noils at firm prices. Supply of good scoured pulled wools was scarce. Topmakers were buying up greasy pulled combing length wools. Approximately 300,000# of bulk fine wools sold at the sealed bid sale held in Stockton, California at steady to firm prices. Trading in Texas was rather slow with few sales of 12 months wools. Trading in the fleece wool States was slow.

Midweek cables from Australia showed prices advancing three to four pence with good demand from all sections. The New Zealand market opened on a firm basis. Continental interests dominated with generally good demand from other countries. The South African markets advanced about two pence with the United Kingdom, Italy and the Continent the principal operators. The South American markets were dull with topmakers buying occasional small lots of Montevideo wools. Occasional Buenos Aires carpet type wools were sold to the United States.

Fleece Wools - Limited sales of medium grade fleece lambs wool sold from 76-78¢ clean basis.

Territory Wools - At the sealed bid sale at Stockton, California graded 64s French combing wool was estimated at \$1.05 and graded 64s good French combing and staple wool \$1.10-1.12. Bulk half-blood shorn lambs wool sold at 41.8¢ grease basis and was estimated to cost clean from 76-78¢ delivered Boston. Original bag bulk fine wools were estimated to cost around \$1.07 clean basis, delivered. Showing of wools for sealed bids will be held at Des Moines on November 14 and Minneapolis November 15 with a combined sale on November 16 at Minneapolis.

Texas Wools - Occasional lots of average 12 months good French combing and staple wool in original bags sold for \$1.13-1.15 clean basis, delivered Boston with 12 months delaine type wools selling around \$1.15-1.18.

Mohair - Trading for mohair in Texas was slow with few lots sold at 73½¢ for adult and \$1.08½ for kid hair to the warehouse.

Foreign Wools - Cabled quotations from all Dominion markets closed strong. Quotes follow with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.
